Dear Collectors and Friends:

We all enjoyed the Winter Season very much and now it is time to prepare for great Summer activities here in the beautiful mountains of Colorado. Of course our Artists In Residence shows will be a main feature here at the Gallery and they are listed above. We really hope you can join us for a very up close and personal visit with some truly great artists.

With interest in art growing among collectors, you will be happy to know that we have several surprises for you with some new artworks and of course new artists. Be sure to look for the Nikolay Burtov artworks when you visit. He is a Moscow artist who has captured the fancy of many collectors in Europe because of his expert use of light, color and rendition of real places in and around Moscow. His brush stroke is quick and positive, and his use of secondary colors is superb. You will enjoy his work.

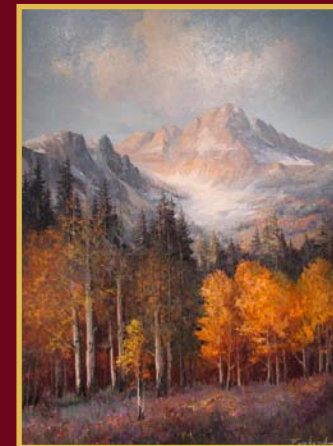

Please stop by and visit with us, we would love to serve you a nice cup of Earl Grey or even some Moscow Black Tea when you come!

Sincerely,  
James G. Tylich - Gallery Owner
